Task 14

If Caller's email contains "admin", display a warning message.

The screenshot shows the 'Client Script - Task 14 important' configuration page. The interface includes a top navigation bar with 'Favorites', 'History', 'Workspaces', and 'Admin'. The main configuration area has several dropdown menus: 'Name' (Task 14 important), 'Table' (Incident [incident]), 'UI Type' (All), 'Type' (onChange), and 'Field name' (Caller). To the right, there are checkboxes for 'Active' (checked), 'Inherited' (unchecked), and 'Global' (checked). Below these are fields for 'Description' (If Caller's email contains "admin", display a warning message.) and 'Messages'. The 'Script' section contains a JavaScript function:

```
1 function onChange(control, oldValue, newValue, isLoading, isTemplate) {
2   if (isLoading || newValue === '') {
3     return;
4   }
5   g_form.getReference('caller_id', function (user) {
6     if (user.email.toLowerCase().includes('admin')) {
7       g_form.showFieldMsg('caller_id', 'Warning: Caller email contains "admin"', 'error');
8     }
9   });
10  //Type appropriate comment here, and begin script below
11 }
```

 Below the script is an 'Isolate script' checkbox which is checked. At the bottom, there are 'Update' and 'Delete' buttons, a 'Related Links' section with a 'Run Point Scan' link, and a footer with a 'Versions' tab, a 'Recorded at' dropdown, a search bar, and an 'Actions on selected rows...' dropdown with a 'New' button.
